## Professional Auto Wash

### Technical Bulletin - DP213

#### Features:

- ◆ Free Rinsing, High-Sudsing
- ◆ Economical to Use
- ◆ Non-Caustic, Biodegradable
- ◆ Pleasant Scent
- ◆ Quick and Effective at Dissolving Road Film
- ◆ Excellent Lubricity For Scratch-Free Washing

#### Product Description:

Professional Auto Wash is a biodegradable, medium viscosity, cost-effective, blue/green liquid car wash concentrate.

#### Product Benefits:

Professional Auto Wash is an excellent production grade car wash concentrate that has been formulated for use in large shops and professional detail operations such as dealerships and auto re-conditioners. Professional Auto Wash is tough on road film with an effective lifting action that easily rinses away.

#### Directions:

Professional Auto Wash should be diluted 2 oz. per gallon of water. Use with a clean soft cloth, microfiber towel or wash mitt. Dilute with warm water for enhanced performance. Can also be used with a high quality bumper or multi-angled pole brush.

#### Packaging:

Quarts  
Gallons  
5 Gallons  
Drums
