

DIAMOND PROFESSIONAL

Professional Wash N Wax

Technical Bulletin - DP215

Features:

- ◆ Biodegradable
- ◆ High Sheeting Action
- ◆ Medium Foam, Free Rinsing
- ◆ Pleasant Scent
- ◆ Leaves Shine Behind
- ◆ Excellent Lubricity For Scratch-Free Washing

Product Description:

Professional Wash N Wax is a medium viscosity, green liquid, car wash concentrate which produces a medium foam that is gentle on freshly painted surfaces and has an effective time-saving sheeting action.

Product Benefits:

Professional Wash N Wax, when diluted correctly, rinses off easily leaving a lustrous shine. Professional Wash N Wax is the ideal product for used cars that need to look their best. It allows for spot-free rinsing and excellent sheeting characteristics with little chamois or towel time. Professional Wash N Wax also brightens chrome and glass beautifully.

Directions:

For optimum results, dilute Professional Wash N Wax 40:1 with water. A stronger dilution may be used, but can reduce gloss and sheeting action. Use with a clean, soft cloth, microfiber towel or wash mitt. May be diluted with warm water for enhanced performance.

Packaging:

Quarts
Gallons
5 Gallons
Drums
