## Diamond Glass Cleaner 4:1

### Technical Bulletin - DP216

#### Features:

- ◆ Great on Glass and Chrome
- ◆ Pleasant Scent
- ◆ Biodegradable
- ◆ Excellent Tobacco Smoke Film Residue Removal
- ◆ Safe for Tinted Windows
- ◆ Can Be Used Effectively in Direct Sunlight

#### Product Description:

Professional Glass Cleaner is a concentrated, alcohol-butyl-based, biodegradable glass cleaner. Works well on chrome and glass and is excellent at removing cigarette and cigar smoke film as well as vinyl residue caused by interior off-gassing from heat and sun.

#### Product Benefits:

Professional Glass Cleaner, when diluted 4:1 is the most effective glass cleaner available and is extremely cost effective. High production shops will realize a dramatic increase in savings.

#### Directions:

Use a hand held trigger sprayer for application. Wipe off with clean paper, terry cloth or microfiber towel. Dilute Professional Glass Cleaner 4:1 with clean water.

#### Tip:

For high volume applications, add one gallon Professional Glass Cleaner to four gallons clean water in a clean five gallon dispenser with faucet.

#### Packaging:

Gallons  
5 Gallons  
Drums
