

DIAMOND PROFESSIONAL

Radiant Fast Wax

Technical Bulletin - DP233

Features:

- ◆ Produces High Gloss with Minimal Effort
- ◆ Will Not Streak or Smear
- ◆ Removes Tar and Grease
- ◆ Works Well on Dark Colors
- ◆ Will Not Leave Residue, Low Powdering
- ◆ Dries Fast - "Quick Flash"
- ◆ Safe for Non-Porous Vinyl, Moldings and Bumpers

Product Description:

Radiant Fast Wax is a user-friendly, cream-colored, liquid wax that works best on new or late model clear-coated finishes.

Product Benefits:

Radiant Fast Wax protects paint finishes from environmental elements, such as ultraviolet sun rays, acid rain and other airborne contaminants. It is safe to use on non-porous vinyl moldings as well as stripes and decals. Radiant Fast Wax will produce a deep luster on dark colors and excels on glass and chrome.

Directions:

Make sure the vehicle is clean, cool and dry. Apply a moderate amount of Radiant Fast Wax to a clean terry cloth towel or wax applicator and apply to the surface. Remove residue with a clean, folded terry cloth towel. For best results, rotate or turn towel over regularly and polish to a high sheen. Radiant Fast Wax can also be applied with an orbital buffer. Shake well before using.

Packaging:

Quarts
Gallons
